

It is with great joy and utmost pride that I can team up with the SAA to enhance the Saugerties community and raise money for a great cause.

The annual golf tournament is something I have been doing for 15 plus years. All proceeds from this tournament go directly to the SAA and will be used towards games, events, and upkeep of the fields and facilities. I am wonderful fan of the SAA as I have been fortunate enough to watch games from the comfort of my back yard for over 35 years. The pleasure my family and I have watching our employees and friends from the SAA participate in events is never ending. We have been able to witness first-hand the changes, growth, and development of Cantine fields thanks to the hard work and dedication of the SAA.

I want to personally thank everyone for helping and participating in one of the best golf tournaments. Enjoy, and thank you for sharing with me the common goal of making our community grand.

Bob Siracusano
